

Veterans Home - Chippewa Falls

10.11.2022 Veterans Home Family Updates:

Dear Family and Friends of the Veterans Home at Chippewa Falls,

Unfortunately, one team member was diagnosed with COVID-19 today. Fortunately, this team member has not been at the Veterans Home and therefore no members or other team members were exposed.

Accounting for all COVID-19 recoveries, currently we have 1 active case of COVID-19 on campus (1 team member, 0 members).

Visitors are still being welcomed to all households. Please consider visiting outside with your loved one if the weather is nice, or consider telephone or virtual visits if you are more comfortable with connecting from afar.

COVID-19 Infection Prevention and Response Action Plan is in place to ensure our members, team members, and families stay safe. This plan can be found on our website.

If you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you do test positive after recently visiting the Veterans Home, please alert us so we can take proper precautions for your loved one and the other members & team members at the Veterans Home.

You will soon see communication about recent changes in CDC guidance. For now, Chippewa County remains in HIGH Community transmission levels, so masks continue to be necessary. But as restrictions can be lifted, more communication will go out.

Please let us know if you have questions! Thank you for your commitment to the health and safety of everyone at our Home.

Sincerely,

Katie Plendl
